

CHILL Talent Office – Discover the World of Business & Innovation

Discover the World of Business & Innovation – Internship via CHILL

Are you looking for an internship where you can truly make an impact in the business world? Through CHILL, you have the unique opportunity to gain experience on the Chemelot Campus in Geleen: a leading campus in the chemical and materials sector. More than 200 companies operate here, ranging from large international corporations to innovative start-ups.

Although Chemelot's core focus is chemistry and process technology, these companies also have departments for business development, sales, marketing, and strategy. This makes it the perfect place for students with a business or commercial background who want to gain experience in an innovative environment.

CHILL actively helps you find an internship that truly fits your skills and ambitions. When you apply via CHILL, you are not applying for just one vacancy—you are matched with multiple companies within the Chemelot network.

What will you do?

- Analyze and improve business processes
- Contribute to innovation and improvement projects
- Support business development and sales activities
- Explore new markets and opportunities

Who are we looking for?

You are pursuing an MBO, HBO, or WO (Bachelor/Master) degree, for example:

- Commercial Economics
- Business Studies
- International Business
- Industrial Engineering & Management
- Innovation Management

Important to know:

- Start: from September
- Internships available in Dutch and English
- No voluntary internships

If you want to know more about this internship or are interested, please contact Keanne.panis@chill.nu
